LECTURE BY SCIENTIST

Large Audience Hears Principles of Doctrine Expounded

GEORGE SHAW COOK
OF CHICAGO SPEAKER

Member of board of Lectureship of Mother Church, First Church of Christ, Scientist—Introduced by John L. Lawton.

A large and appreciative audience was present in the Auditorium last evening to hear the lecture on Christian Science by George Shaw Cook, C. S. R., a member of the board of Lectureship of the First Church of Christ, Scientist, in Boston. The speaker was introduced by John L. Lawton, a member of the local church. Mr. Cook said in part:

Human emotions, such as fear, anger, hate, hatred, etc., are now said to produce poisonous conditions on or in the physical body. If this is so many cases of chronic poisoning in the human system be traceable to a chronic disposition to give way to the emotions? Is it not as reasonable to admit this as to recognize the fact that acute fear immediately manifests itself in a blanched face? If one is obliged to admit the mental cause of some kinds of physical disease, why not agree with Christian Science that, primarily, all disease is due to a mental cause? This does not mean that all disease is the result of conscious fear or of willful sin. Many types of disease are effects of latent fear, hereditary temperament, superstition, ignorance, or some of the generally accepted beliefs of the human mind which seem to operate as law. Suppose a man to be sick from one or more of these mental causes. Will drugs cure him? Is there any antidote that will destroy hatred, or any serum that will prevent fear? Nothing but the knowledge that God is Love, and therefore cannot and does not fear or hate, will effect a permanent cure in such a case.

All that is real exists as the effect of an intelligent cause, divine Mind. One has only to look at a badly frightened person to see that he manifests little or no intelligence while under the sway of fear. Therefore, we may conclude that fear is not the manifestation of an intelligent cause. It is plain that if one could be free from fear it would be greatly to his advantage. Many are ready to point out the evil effects of fear. They are even quite ready to urge their friends not to be afraid, but they are not always able to tell them why they have no need to fear.

Christian Scientists having discerned the fact that fear is not an attribute of God, are beginning to understand why it is no part of man, who is in the likeness of God. They reason that God is the only cause and is good. Fear is not good. Therefore, that will the effect of the one only cause and consequently is without actual existence. There is no fear in the universe of God and nothing in that universe of which man could be afraid. There is no good in fear, for "fear hath torment," hence there is no God in it, and no truth in it. Christian Scientists do not, however, claim to have demonstrated as yet that they are entirely immune from fear; but they are much less fearful than formerly, and consequently, much less subject to disease and disaster.

Christian Science teaches its adherents to "pray without ceasing," and constantly to seek a higher and better understanding of the true nature of God, and of man as his likeness. Furthermore, it requires the demonstration of this understanding in right thinking and right living. Such

"Corns All Gone! Let's ALL Kick!"

Every Corn Vanishes by Using Wonderful, Simple "Gets-It" Never Fails. Applied in 2 Seconds.

Isn't it wonderful what a difference just a little "Gets-It" makes,—on corns and calluses? It's always right somewhere in the world, with many

"Wheel! I Don't Care! I Got Rid of My Corns With 'Gets-It'!" folks humped up, with cork-screwed faces, gouging, picking, drilling out their corns, making packages of their toes with plasters, bandages, tape and contraptions,—and the "holier" in their corns go on forever! Don't you do it. Use "Gets-It." It's marvelous, simple, never fails. Apply it in 2 seconds. Nothing to stick to the stockings, hurt or irritate the toe. Pain stops. Corns come "clean off." It's one of the gems of the world. Try it—you'll kick from joy. For corns, calluses, warts, bunions. "Gets-It" is sold everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago, Ill.

Sold in Brattleboro and recommended by the world's best corn remedy, BRATTLEBORO DRUG CO., and C. F. THOMAS.

thinking results in the lessening of sin and disease. This is the practical atonement to which Mrs. Eddy refers as "the exemplification of man's unity with God." (Science and Health p. 18.) Christian Scientists believe that in no other way can they realize the full import of what has been mistakenly regarded as the vicious atonement of Christ Jesus, but which was in fact the perfect demonstration of man's at-onement with God.

Those who the familiar with the true nature of Christian Science know that it is quite unlike every form of mesmerism. It even differs from what is ordinarily referred to as faith cure. While Jesus in his ministry often required faith of those who were seeking to be healed, and Christian Science teaches that faith is in itself a desirable quality, yet something more than the exercise of what may be termed "blind faith" is involved in the practice of the true Christian Science. The "prayer of faith" as understood in Christian Science is in fact the prayer of spiritual understanding. This prayer is the exact opposite of that form of mental treatment which consists in the exercise of human will-power or the effort of one person to control or influence the thoughts of another by means of mesmerism or mental suggestion.

The prayer or treatment of the Christian Scientist is based upon his spiritual discernment of the fact that there is but one Mind. The mesmerist's endeavors are based upon the belief that there are minds many and that one of these many minds can influence another for good or evil. Herein lies the danger of mesmerism or mental suggestion; whereas the safety of Christian Science practice consists in its entire dependence upon the power of one infinite Mind, the effect of which can be only good.

Mary Baker Eddy did not invent anything in her discovery of Christian Science. She did not add to that which already was. She discovered the Principle underlying the spiritual healing of physical disease by the prophets, by Christ Jesus, and by the early Christians. As the result of her discovery she was able to restore to the world not only the Science of healing but the Science of being.

Mrs. Eddy saw the fruition of her lifelong work and the extension of the movement which she founded in every part of the civilized world. Mrs. Eddy has been declared by the governor of her native state to have been New Hampshire's greatest woman, and truly she may be so regarded by reason of her achievements. But of all her wonderful works, that for which Christian Scientists revere and love her most is her discovery and declaration, and demonstration of the life-giving truth that God is good. Therefore they say to you, "Acquaint now yourself with him and be at peace." (Job 22:21.)

TEACHERS TO MEET HERE FRIDAY, MAY 5

Southeastern Vermont Association to Hold Convention with Addresses by Well-Known Educators.

A convention of the Southeastern Vermont Teachers' association will be held in the high school building here Friday, May 5, with morning and afternoon sessions, at which there will be addresses on various educational topics by well-known educators. The latter part of the afternoon will be given over to departmental conferences. The executive committee of the association, which has charge of the convention, is composed of Miss Florence M. Wellman of Brattleboro, chairman, and E. H. Dorsey of Ludlow and F. L. Daye of Bellows Falls.

Following devotional exercises in the morning at 10 o'clock, conducted by Rev. E. Q. S. Osmond, chairman of the prudential committee, music by pupils of grade 8 and brief opening remarks by Supt. P. H. Blake of Chester, president of the association, there will be an address on The Child Who Is Different, by F. D. Haywood of Newport, N. H., a former member of the Brattleboro high school faculty. Mason S. Stone, state commissioner of education, will speak on The Teacher and the School, and the concluding address of the morning session will be by Principal Frank L. Boyden of Deerfield academy, who will speak on The High School as a Social Center. A business meeting will be held at the close of the morning session.

The afternoon session will be marked by an address by Willis B. Anthony, director of practical arts of the Fitchburg, Mass., normal school. He will speak on Bringing Real Life to the School. After this address there will be conferences on high school, rural school and elementary school work.

F. L. Daye will be chairman of the high school conference and in this Clarence D. Kingsley of Boston, inspector of high schools, will speak on Elements of Effective Civic Education in the High School, and E. J. Reilly, director of manual training, Bellows Falls, will speak on Manual Training in the High School.

The rural school conference will have as chairman Supt. E. H. Dorsey of Ludlow. E. L. Ingalls, state agent of boys' and girls' club work, will speak on Boys' and Girls' Club Work, and Bertha H. Burridge of the Keene, N. H., normal school will speak on Domestic Science in Rural Schools.

Miss Mabel Applin of Brattleboro will be the chairman of the elementary school conference, at which the speakers will be Jessie I. Ross, state supervisor, who will speak on Teaching Community Civics, and Willis B. Anthony, who will speak on Practical Arts in the Grades. Dinner will be served in the Masonic temple to those attending the conference.

Ryder, Wallace Simmons, McClelland Streeter (2), Patsy Tedesco, H. L. Williams, Ralph Woodward, Jadwiga Zemeska.

Women—Mrs. H. Beaton, Mrs. Arlene Chamberlain, Miss Belle M. Clark, Annie Hass, Miss Harriet Rollins, Mrs. J. H. Tucker.

The Montenegrins belong to the Serbian branch of the Slav race.

PUTNEY.

Comedy Drama in Preparation.

The Country Doctor, a comedy drama in four acts, which the Putney Dramatic club will give in the town hall on Friday evening, April 28, will have the following cast: Thomas Britton, M. D., the village doctor, Hollis Cobb, Howard Wayne, in love with Dolly, Merwin Pond; Squire Ferguson, the sheriff, Weyland Hardy; Sam Birch, proprietor of hotel, Roger Aiken; Zebediah Bunn, who hangs around, Lewis Burditt; Eri that's all, Floyd Fuller; Ben Shaw, the stage driver, Ray Austin; Agnes Gilbert, shadowed by fate, Emma Lord; Dolly Britton, Doctor's sister, Katherine Williams; Susan Pinner, his housekeeper, Charlotte Eaton; Mrs. Birch, Sam's wife, Gertrude Kingsbury; Anna Belle Umstead, with aspirations, Sybil Williams. Those having a part in this play have put much time and energy into their work and will present it in a pleasing manner. Their advertising agent, Roger Aiken, deserves praise for the creditable 16-page folder he has gotten out. There is a writup of the town, with 22 advertisers, taking all the space available, rules and regulations of the club and other features. Several hundred of these are to be mailed to help advertise the town, which at present is on the boom.

Mrs. T. D. Lord is visiting friends in Brookline, Mass.

Dr. L. H. Bugbee is having a cement walk laid in front of his residence.

Fred Mureh has been in charge of H. G. Everleth's shop during Mr. Everleth's absence.

Mass will be said Sunday morning at 10:30 o'clock in the home of Miss Kate Hebron.

Ornith Kilburn of Westminster West has come to work for Fred B. Howard at his store and market.

An unusually pleasant occasion was the meeting of Greenwood W. R. C. Tuesday evening, when a supper was served at 6:30, after which the initiation of members took place.

There will be a service in the West Hill school house Sunday at 3 p. m., in charge of Rev. R. B. Davis. As this is to be an Easter rally service it is hoped a large number will be present.

Miss Helen Stowell, clerk in the postoffice at Windsor, came Monday and remained over night with Mrs. M. E. Robbins after spending Sunday with her grandmother, Mrs. Olive Stowell, in Brattleboro.

First Baptist church, R. B. Davis pastored, Easter service, 10:45, with baptism of candidates for the Bible school; 12 m., Bible school; 7 p. m., Christian Endeavor service. Subject, The Lessons of Our Immortality. A cordial invitation to all services.

John N. Underwood has exchanged his automobile for a new Studebaker, seven-passenger car. For the past two years he has done much automobile service, having had the patronage of the summer people, and with his new car he will be able to do this even more satisfactorily.

A small but appreciative audience greeted Miss Agnes O. Hersey of Bangor, Maine, reader, in the town hall the evening of April 13. The readings were of a high order and it is to be regretted that more were not present.

Miss Emma Lord and Charlotte Eaton rendered piano duets between the readings, their playing being much enjoyed by those present. The entertainment was under the auspices of the men's class of the Baptist church.

Miss Marie Parle finished work in the local telephone exchange Saturday night. She has entered the employ of the Bradley corporation. In appreciation of the good service Miss Parle has given the subscribers, a purse was made up and presented to her. Miss Anna and Miss Marie Parle have been the operators on the local exchange for some time and their pleasant and courteous service has been duly appreciated. Miss Anna Parle will remain at the exchange, much to the gratification of the patrons.

KINOX

When accidents occur, you want quick relief from discomfort, pain, danger of infection, blood poisoning. KINOX actually breaks healing, reduces inflammation and soothes irritation of wounds, chapping, chafing, skin diseases. Positively Non-Poisonous, it should be used as an every-day antiseptic by children and adults. Wonderfully efficient, agreeable and economical. 8 tablets make 9 pints, 25c. Trial, 14c. Write for sample and literature. KINOX COMPANY, BUTLAND, VT. SOLD BY BRATTLEBORO DRUGGISTS

WESTMINSTER WEST.

Landed Right Side Up.

Willis Braley, who carries the children to the Westminster West school, met with an accident one morning last week. His horse went off the embankment near his home, taking the wagon with him, breaking both shafts.

Mr. Braley remained in his seat, and as the wagon landed right side up he was not hurt. He got out of the wagon and sat on his horse until help came. He started again with another wagon and the same horse and carried some of the children, his brother, Mark Braley, carrying the others.

The next day while Willis Braley was having his wagon repaired his brother carried the children to and from school in a lumber wagon to the delight of the children, who seem to enjoy this novelty.

Lawrence Harlow of Malden, Mass., is visiting his uncle, Hugh Goodall. Ora Coddington, teacher in the high school at Binghamton, N. Y., is spending the Easter vacation at his home here.

Mrs. Sarah Chandler, who has been ill with grip, is better. This week she met with an accident, falling downstairs.

Miss Bertha Hazleton, teacher of the Brookside school, is boarding with Mrs. Herbert Wright in Saxtons River this term.

Mrs. Edward Phillips, who with little Mary was here during the sugaring season, closed her home here and returned to Danvers last week.

Mrs. Walter Curtis left last week to visit friends in Clarendon. From there she will go to Danby to visit her mother, Mrs. Loomis, and then to Jersey City, N. J., to visit her daughter, Mrs. Bacon.

Judge A. F. Schwenk of Brattleboro came Friday to visit Harlan Goodline and be on hand to go fishing Saturday morning. Several lovers of the sport tried their luck, it being the first day of the season.

BONDVILLE.

Sight Destroyed by Arrow.

May Jones, youngest daughter of Mr. and Mrs. A. F. Jones, lost the sight of one eye last week while at play with her brothers with bow and arrows. One of the arrows hit her in the eye.

W. F. Jernigan has sold his farm to Will Pier of Boston.

Harry Clark of Halifax started his ash sawmill here Monday.

James Kendall, who is ill and under the doctor's care, is a little better.

Mr. Webster of Westminster recently moved on to his place which he bought of Loren Bryant.

Delbert Kendall of Brattleboro is at the home of his father, J. M. Kendall, for an indefinite stay.

Mr. and Mrs. Gardner of Massachusetts came last week to their home in the village. Mr. Gardner will stay only a few days.

The sugar season has been much better than was at first anticipated, although some of the makers complain of the sugar being darker colored than usual.

Fuchsias received their name from Leonard Fuchs, who discovered this species of house plants.

WARDSBORO.

Mrs. Coleman is visiting in Windham.

L. G. Eames was in Brattleboro Wednesday.

Mrs. Hall and son spent Sunday at Dr. O. V. Hefflon's.

E. S. Allen of Jamaica visited at H. E. Knight's Tuesday.

Nelson Branch of Chester was a visitor at H. E. Knight's last week.

Mrs. W. T. Lowe returned home from Williamsville Wednesday evening.

Easter exercises will be held in the church Sunday at the Sunday school hour, 11:45 a. m.

Mrs. A. E. Livingstone of Bellows Falls visited Mrs. Fanny Howard over Sunday at H. E. Knight's.

Mr. and Mrs. F. W. Whitney of Watertown, Mass., came Saturday for a week's vacation in their home.

A reception and pound party for Rev. and Mrs. Ashford will be held in the town hall next Wednesday evening, April 26. All are cordially invited.

G. S. Johnson, who has work in Seymour, Conn., and who moved his household goods the first of the week, returned Wednesday to Seymour. His family will join him next week.

The subject for next Sunday morning is Thoughts on the Resurrection. Subject for evening service, Cross and Crown. There will be scenes from the last week of the Lord, shown by radio-epic.

The Grange held a very interesting meeting Tuesday evening. The third degree was worked by the ladies' degree staff and the fourth degree by the regular officers, after which a social hour was spent in the rooms down stairs. Refreshments of ice cream and cake were served, the spelling match being postponed. The Grange is holding a blue and yellow contest.

BROOKLINE.

Roger Ware is at the home of his father, G. E. Ware, this week.

Miss Maud Wellman spent Saturday and Sunday at her home here.

Mr. and Mrs. Frank Perry of Cushman, Mass., visited at Delard Perry's recently.

Mr. and Mrs. H. J. Ladeau and daughters moved back to their former home in Baldwinville, Mass., this week.

Here are some figures, just plain figures, but they are interesting because they tell a story of success. Since this institution was organized in 1907 the number of our depositors has increased from 100 to 5000. Our deposits have increased from \$40,000 to \$1,400,000. Our surplus has increased from \$12,000 to \$55,000. Scores of our depositors have, through our assistance, and advice, grown with us. Are you one of them?

BRATTLEBORO TRUST COMPANY

What Will It Cost?

Those who have never tested the usefulness to them of the classified ads are apt to wonder about what the cost will be of securing, through advertising, the result they desire.

What is it costing you, per day, to be out of work?

What is it costing you, per day, to be without a tenant for that house, apartment or store?

What is it costing you to have a vacant furnished room?

What is it costing you to "get along" without needed help in your home, in your business?

Would the expense, each day, for a classified ad be greater than the expense incurred inevitably through trusting to luck about these things?

To use classified advertising, day by day, until you secure work, or a tenant, or help would involve a very slight expense compared with the loss to you inflicted by the lack of these.

What Is It Costing You Not to Advertise?
